

OWL RIDGE WINES

2005 Cabernet Sauvignon

Sonoma County

This wine is predominantly from the Cloverdale Ranch in Alexander Valley with about 20% T.R. Passalacqua Vineyard Cabernet blended in to give it that classic Owl Ridge richness and style.

The wine offers intense aromas of cassis and currants with hints of cedar, anise and cigar box like aromas. The wine has richness and depth, but with amazing approachability, which is what Owl Ridge aims for with the Sonoma Cabernet. This is a wine that is very enjoyable as a young wine and was put together for that purpose, but does have the structure and fruit to age for an additional 3-5 years.

Each year Owl Ridge seeks out premium fruit sources, identifying regions that offer the highest quality grapes for that particular year. This careful selection allows us to produce a wine that showcases the best that Sonoma County has to offer.

Production: 250 cases
Alcohol content: 14.2%
