

Silver Creek 2006 Cabernet Sauvignon

Silver Creek flowed through our family's vineyard in the hills south of San Jose, California. It took its name from stands of oak trees that lined the creek bed, whose new growth each year took on a silvery cast. A few feet from Silver Creek stood the family winery, established in the 1880's. We chose Silver Creek as the name of our premium wines because it reflects our decades of winemaking experience, and our commitment to producing fine wines in the best California tradition.

Winemaker's Notes

Residual Sugar:	0.2%
Alcohol:	13.0%
Acid:	0.67gr/100ml
pH:	3.49

Tasting Notes

The deep ruby red color with aromas of berries and cedar are the characteristics of this vintage varietal. It is a medium-bodied Cabernet with just a hint of oak that is smooth, fruity and ready to drink. Pairs wonderfully with filet mignon, lamb, heavy pastas, and cheeses.
