WillowBrook

Dutton Morelli Vineyard
Pinot Noir 2004

The Dutton Morelli Vineyard sits high on the bluffs above the town of Occidental. At 900 feet above sea level, the vineyard is high enough to limit the amount of fog during the day, but close enough to the coast to receive a constant cool breeze, keeping the temperatures down and

extending the growing season. It receives ample sun, with mild temperatures which extend the time the fruit will hang on the vine and continue to develop more intense flavors over time. The vineyard is planted with the Pomard clone, well known to produce wines of rich character and intense flavors.

This wine is balanced and flavorful with intense strawberry, cherry, and anise qualities, along with classic Pinot Noir aromas of cigar box, tea leaves, and hints of damp forest floor. On the palate, the wine offers more of the bright red tones with an incredibly rich texture and body. This is a wine that will impress even the most demanding pinotophile, while offering an elegance to be enjoyed by all.
